

V. VIJAYPRASANTH

Email: vijayprasanth2702@gmail.com | **Phone:** 9345228653 | **Location:** Chennai, India

Career Objective:

To secure a Full Stack Developer position where I can design, develop, and maintain scalable web applications using modern frontend and backend technologies, contribute to organizational growth, and continuously enhance my technical skills.

Technical Skills:

- **Frontend:** HTML5, CSS3, JavaScript (ES6+), React.js, AngularJS, TypeScript, jQuery.
- **Backend:** Node.js, Express.js, NestJS, REST APIs, WebSockets.
- **Databases:** PostgreSQL, SQL, Knex.js.
- **Languages:** Python, Java, C, C++.
- **Tools & Platforms:** GitHub, VS Code, Agile/Scrum, CI/CD pipelines.
- **Other Skills:** Server health monitoring, real-time dashboards, API integration.

Professional Experience:

PixBots Private Ltd | Full Stack Developer | July 2024 – Present

- Developed and implemented a Remote Monitoring & Management (RMM) solution for centralized server and endpoint monitoring.
- Ensured IT infrastructure availability through proactive monitoring of servers, endpoints, and networks.
- Automated OS patches, application updates, and routine maintenance to improve security and system stability.
- Standardized endpoint environments via centralized application deployment and configuration management.
- Reduced downtime by responding promptly to alerts, incidents, and performance anomalies.
- Resolved issues using secure remote access and centralized log analysis.
- Managed automated backups and maintained data reliability.
- Enforced security policies, RBAC, and encryption for compliance.
- Supported scalable IT operations across cloud, on-premise, and hybrid environments.
- Increased operational efficiency through automation and scripting of routine tasks.

Projects:

- Effective Glaucoma Detection (ML/DL): Implemented ML pipelines integrating AI models into web applications.
- Music Genre Classification: Built Python-based classification models demonstrating backend data processing skills.
- Portfolio Website: Developed responsive portfolio using React.js and Node.js; deployed on AWS with CI/CD pipeline.

Education:

- B.E. Computer Science & Engineering – Anna University College of Engineering, Dindigul, 2023 | 84.4%.
- HSC (Bio-Maths) – St. Mary's Higher Secondary School, 2019 | 79.16%.
- SSLC – St. Mary's Higher Secondary School, 2017 | 94.8%.

Workshops & Seminars:

- International Hands-on Workshop on Java & Android – Brainovision, M. Kumarasamy College of Engineering, Karur, Dindigul.
- Workshop on Java and Networking Programming – United Technology, University College of Engineering, Dindigul.

Certifications & Courses:

- Programming in Java – NPTEL.
- Programming in Python – GUVI.
- HTML, CSS, JavaScript, jQuery – Udemy.

Languages & Interests:

- Languages: Tamil, English.
- Hobbies: Reading books, creating webpages.
